

CONTRACTOR RESOURCES

The following is a list of contractors who have attended a Building Performance Workshop to learn the science behind Home Performance. The interaction of air leakage, pressure, moisture, heat flow, and air quality can combine to help or hurt the performance of insulation, windows, lighting, appliances, and HVAC systems. The Building Performance Workshop holistic training program was designed to help contractors gain the fundamental knowledge and skills necessary to succeed.

Company Name	Email	Phone Number	Air Sealing	Appliances/ Water Heaters	Doors/Windows	Electrical	Exteriors	General	HVAC	Insulation	Plumbing	Roofing
